Re: Rejection of Administrative Correspondence

Dear Executive Director Ayala:

On March 8, 2016, the U.S. Environmental Protection Agency (EPA) External Civil Rights Compliance Office (ECRCO) notified you of a complaint alleging corruption within the Sacramento Metropolitan Air Quality Management District. After careful review, ECRCO has concluded that it will not accept the administrative complaint for investigation because it does not meet the jurisdictional requirements described in EPA's nondiscrimination regulations found at 40 CFR Part 7. Therefore, ECRCO is closing this case as of the date of this letter.

Pursuant to EPA's nondiscrimination regulation, ECRCO conducts a preliminary review of administrative complaints to determine acceptance, rejection, or referral to the appropriate Federal agency. *See* 40 C.F.R. § 7.120(d)(1). To be accepted for investigation, a complaint must meet the jurisdictional requirements described in the EPA's nondiscrimination regulation. First, the complaint must be in writing. *See* 40 C.F.R. § 7.120(b)(1). Second, it must describe an alleged discriminatory act that, if true, may violate the EPA's nondiscrimination regulation (i.e., an alleged discriminatory act based on race, color, national origin, sex, age, or disability). *Id.* Third, it must be filed within 180 days of the alleged discriminatory act. *See* 40 C.F.R. § 7.120(b)(2). Finally, the complaint must be filed against an applicant for, or recipient of, EPA financial assistance that allegedly committed the discriminatory act. *See* 40 C.F.R. § 7.15.

The original correspondence did not provide ECRCO with sufficient information to determine ECRCO's authority to investigate the complaint under EPA's nondiscrimination regulation. That is, there was no indication about how, when, and on what basis(es), (race, color, national origin, sex, age, or disability), the Sacramento Metropolitan Air Quality Management District discriminated against the Complainant.

ECRCO sought clarification about the complaint in a telephone call with the Complainant. During the interview, ECRCO requested information regarding the date of the alleged harm. The Complainant indicated that on October 22, 2015, and February 25, 2016, he was denied or limited in the amount of time to speak before a meeting of the Board of the Sacramento Metropolitan Air Quality Management District. However, he also stated that the actual discrimination took place when the District applied a penalty at the close of a lawsuit with that agency. That penalty was ordered in February of 2008 per documentation provided by the Complainant. As the complaint was filed on March 6, 2016, that is well beyond the 180 days of the alleged discriminatory act. Accordingly, the information provided by the Complainant does not support that a timely alleged discriminatory act occurred.

In addition, the Complainant did not provide any additional information about why he believed he was discriminated against, and on what basis. Therefore, ECRCO lacks jurisdiction over this complaint and cannot accept it for investigation. This matter is closed as of the date of this letter.
